The New York Flute Club's "Flutes Out Front" Series

Initiated by the NYFC's Diversity, Equity & Inclusion (DEI) committee and spearheaded by board member Chip Shelton, this series features a performance, interview, and play-along with such prominent -known flutists as Lawrence Liggins, Sherry Winston, and Coreisa Lee (who tours with Lizzo). In the second half of the FOF session, participants apply what they have experienced in an enjoyable play-along session. FOF sessions take place at upscale NYC venues. They alternate monthly with similarly structured online (remote-via-zoom) sessions titled "I Just Wanna Play" (IJWP).

Join the FOF & IJWP fun by emailing chip@chipshelton.com.
